

Examples of Basic Ads for FHE Homeschool Journal

Here is an example of the ¼ page ad. This is from our August 2012 issue last year and was their own design:

Forsyth Country Day School

Homeschool Courses

4:00 - 6:00 p.m., Monday - Thursday

Foreign languages, science labs, and more

Visit www.fcds.org/homeschool/
to learn more about our purpose,
course selection, and to register.

This is an example of the “Highlighted Ad”. It is just the regular information but is highlighted by the frame:

Salem Educational Assessment Services

Woodcock-Johnson III Assessment Service
Salem7SEAS@gmail.com or 251-8887

Leslieann Gourley studied Psychology at California State University, Northridge and graduated from Azusa Pacific University with a concentration on Child Development and Assessment. For seventeen years she has been educating her children at home. Her eldest child is currently in her third year at a private college with a full-tuition merit scholarship.

She chooses to administer the WJIII, believing it to be the most fun and least exhausting exam for the child, while also being the most accurate standardized assessment of grade level.

S.E.A.S. also continues to recognize the value of the parent-teacher’s assessment of their own child’s abilities. Please contact us at 251-8887 or Salem7SEAS@gmail.com, if you have questions or would like to schedule an appointment.

They may also choose to use their own design for their brand like this:

SWAROVSKI RHINESTONES

The EnergyExplorium

Friday, Feb.15, 9 a.m.-12 p.m.
13339 Hagers Ferry Road, Huntersville, 980-875-5600

Attend "Ask the Engineer" Homeschool Day on Feb. 15! To help kick-off National Engineers Week, the EnergyExplorium will open its doors to middle school age homeschoolers on Friday, Feb. 15 from 9 a.m. to noon.

This free event will begin promptly at 9 a.m. with a presentation focusing on types of engineering, education needed and the types of jobs available to engineers. There will be a career panel led by Duke Energy engineers representing a variety fields- come prepared to ask them your toughest and most interesting questions!

The engineers will lead students through fun, educational activities and watch a movie in the auditorium that will spark your imagination and deliver facts about engineering careers in a fun, motivating and engaging way.

As always, this homeschoolers day is free, but space is limited. Registration is required. Please call the EnergyExplorium, 980-875-5600, or email energyexplorium@duke-energy.com.
